AST Achieves Oracle Travel and Transportation Specialization

Naperville, IL February 26, 2015: AST Corporation, an Oracle Platinum Partner and three-time recipient of the prestigious Oracle Excellence Award, today announced its achievement of the Oracle PartnerNetwork (OPN) Specialization for the Travel and Transportation Industry.

Oracle's Travel and Transportation Industry solutions are designed to address key business concerns in the public sector industry segment, which includes airports, public transit authorities, port authorities and State-level transportation departments.

The Oracle Travel and Transportation Specialization enables Oracle to recognize partners doing outstanding work in the industry. Partners must have excellent customer references and on-staff Oracle-Certified resources. In addition, partners must demonstrate true collaboration with Oracle in regards to selling, servicing and satisfying customers in the Travel and Transportation industry.

AST's established and award-winning Travel and Transportation solutions have enabled many customers to streamline business processes and increase efficiencies. Our consultants are experts in Oracle solutions and understand the unique challenges faced by the industry. Additionally, AST has developed its own Oracle based Transportation solutions that were specifically built to support airports and transit agencies, including ASTRA Business Analytics, Airport Integrated Data Broker (AIDB) and our newest offering, Customer Experience for Transit.

In addition to this recent achievement, AST has earned specializations in other industries, including:

- Public Sector
- Utilities
- Education and Research

AST Corporation is a Platinum level member of the Oracle PartnerNetwork.

About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success. To find out more visit <http://www.oracle.com/partners>.
