AST Corporation is a Specialized Oracle Applications and Technologies systems integrator whose mission is to help customers realize the full potential of their Oracle enterprise applications. We differentiate ourselves by demonstrating deep domain knowledge in select industries and bringing proven solutions with high value to our customers. We continuously reinvest in our employees to the benefit of our clients.

Our goal is to ensure that our clients receive the highest level of expertise and personalized service for their system implementations. We endeavor to help them realize the best long-term return on investment by integrating the systems seamlessly to their business processes, completing the projects as promised and by delivering an effective knowledge transfer.

Specialized. Recognized. Preferred.

We have remained focused on Oracle software and developed an in-depth understanding of the industries we serve - municipal, state and federal government, commercial, public transit agencies, airports and port authorities, education and utilities.

In acknowledgement of our commitment to our people, Inc. Magazine has recognized AST as one of the nation's fastest growing private companies for three consecutive years, and as one of the best small and midsize places to work in the country. In 2013, we received our third Oracle Excellence Award and were recognized as Specialized Partner of the Year.

We have consistently delivered the highest quality of consulting services since 1995. We are a go-to partner for Oracle, and our unblemished track record, proven methodologies and innovative solutions will enable you to undertake the most challenging projects with confidence.
