

Oracle HCM Services

A specialized leader in Oracle HCM implementations.

As you look to get the most from your workforce and the best ROI from your Oracle HCM solutions, you need an experienced, specialized partner with a successful track record across the E-Business Suite HCM product line.

AST has provided specialized Oracle E-Business Suite services since our establishment in 1995, and we remain true to this founding vision to this day. Our experience across Oracle HCM includes engagements with Core HCM, Workforce Management, Service Delivery, Talent Management, and HR Analytics.

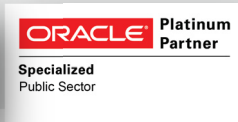

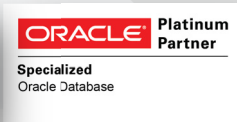

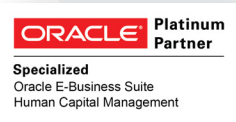

Our record of high-quality delivery of Oracle EBS projects has earned us accolades from Oracle such as the Oracle Excellence Award, Platinum Partner, Specialized Partner, and Oracle BI, SOA and Hyperion Pillar Partner.

Specialized. Recognized. Preferred.

When you partner with AST for Oracle HCM, you can count on:

- An exceptional record of HCM services, backed by our numerous specializations and status as an Oracle Platinum Partner.
- Seasoned and professional staff that knows Oracle HCM best practices.
- A partner seasoned by projects spanning the entire Oracle HCM product line.
- A proven methodology, created from the ground up for EBS projects.
- Effective training and complete knowledge transfer.
